Template Overrides

Joomla bietet Overrides an allen Ecken und Enden -
Templates, Custom Fields, Layouts, Plugins,...

Ich werde einen kurzen Überblick über den Joomla-Standard
geben und auch zeigen, welche Erweiterungen, Template
Frameworks, Online-Shops, usw. sich an das Override-
System halten.

Also bei welchen Drittanbietern ich die HTML-Ausgabe
überschreiben kann ohne beim nächsten Update manuell
nacharbeiten zu müssen.

Template Overrides

Joomla Core

Welcome to your blog

This is a sample blog posting.

If you log in to the site (the Author Login link is on the very bottom of this page) you will be able to edit it and all of the other existing articles. You will also be able to create a new article and make other changes to the site.

As you add and modify articles you will see how your site changes and also how you can customise it in various ways.

A high-angle, wide shot of a large group of people, likely attendees at a conference or event, gathered on a paved outdoor area. The group is diverse in age and appearance, many wearing lanyards and badges. They are all smiling and waving their hands towards the camera, creating a sense of excitement and community. In the background, there is a large green tree on the left and a dark car parked on the right. The overall atmosphere is positive and energetic.
